Space and Naval Warfare Systems Center Awards Contract

SAN DIEGO — Computer Sciences Corporation of San Diego, CA, is being awarded a three-year, \$11,990,193 cost-plus-fixed-fee, indefinite delivery/indefinite quantity type contract. This contract provides for software development, life-cycle maintenance of software systems, hardware design and integration, prototyping, and evaluation in support of the E-2C Airborne Tactical Data System, a legacy system. This contract includes support under the Foreign Military Sales variants of the E-2C. This is a three-year contract, and includes a two-year option which if exercised, would bring the total cumulative value of the contract to \$20,610,646. All work will be performed in San Diego, CA. The period of performance is from September 28, 2001 through September 27, 2004. Contract funds obligated in the amount of \$540,000 will not expire at the end of the current fiscal year. This contract was competitively procured with solicitations published in the Commerce Business Daily and posted on the SPAWAR e-Commerce web site with one offer received. The Space and Naval Warfare Systems Center San Diego is the contracting activity (N66001-01-D-5040).
